This course aims to cover the basic techniques to make bobbin lace. Beginners will learn how to prepare patterns and work the basic stitches to make Torchon lace. Those with more experience will build on existing skills learning to make more complex pieces or try different types of lace.

The course is suitable for people of all abilities. The beginner will work through a series of patterns learning and practicing stitches and techniques. The more experience will choose their own pattern and type of lace, Bedfordshire Lace, Buckinghamshire Point Ground, Braid Lace, and Bruges Lace to name a few.

Everyone works at their own speed in a friendly and open environment. The tutor can give advice on choosing projects and teach new techniques. The amount of work undertaken in between the sessions is up to the student.

Learning methods include instruction, explanation and demonstration, mainly on a one to one basis with some group discussion.
